Education

B.Tech in Computer Science & Engineering
Shri Rawatpura Sarkar University
2022 – 2026

VI – XII (Sr. Secondary)
Sainik School Kodagu
2015 – 2022

Skills

MERN Stack
Java (Spring Boot basics)
Tailwind CSS
Git & Github

Summary

Developer with 1 year of experience delivering full-stack solutions using Node.js, Express, React, and MongoDB. Rapidly ramped up Java Spring Boot and Camunda to prototype automated API health checks and issue-routing workflows at Accenture. Versatile across JavaScript and Java ecosystems, excels in REST API design, database integration, and agile delivery.

Experience

Software Engineering Intern   May 2025 – July 2025
Accenture, Bengaluru

- Built and tested REST APIs in Java Spring Boot to understand backend patterns

- Learned Camunda BPM basics and modeled simple workflows to prototype API health checks

Web Development Intern   Jan 2025 – April 2025
KODAAC, Bengaluru

- Collaborated with teams to manage data collection and improve web performance

- Enhanced existing systems through bug fixes and feature development

Projects

API Workflow Prototype (Accenture)

Java, Spring Boot, Camunda

- Rapid-prototype of REST API health checks and automated issuerouting workflows

- Integrated Camunda flows with ServiceNow for automated logging and severity-based task triggers

Blog Application

A full-stack MERN app

- Developed a blog system using MongoDB, Express.js, React.js, and Node.js

- Implemented user authentication and post management features

Front Page Maker

PDF Generator Tool

- Created a tool to help students build project front pages with customizable text and logos

- Supports one-click PDF generation and works across devices
